Week 3 Spelling Words – Group B (student copy)

Consonant-le Syllables
• Consonant-le syllables look like this:
  o ble
  o gle
  o zle
• This syllable always comes at the end of a word.
• To read these syllables, make the sound of the consonant that begins it. Then add the sound /uh/ + /l/. Say the /uh/ sound like you just got elbowed in the stomach.
• For example, ble says /b-uh-l/

1. knuckle
2. mantle
3. amicable
4. buildable
5. charitable
6. untangle
